

♥ love ♥ OUR CUSTOMERS

You have more than one choice to costume your dancers, and as always, WE ARE HERE FOR YOU in every way - product, service, and passion for your business. We invested more than 10 years ago in systems, infrastructure, people, and processes which have prepared us for a day like today.

And while the supply chain is challenging for all of us, we took an early optimistic view by placing bets on producing costumes we know you'll love, even before we had sales data to validate selections.

Our factory here in St. Louis provides an added layer of support. Once finished products hit the modernized distribution center, we are shipping them out to you faster than anyone in dance. And for those costumes that do get delayed, we have many options to choose from and staff on hand to help you make changes.

Computer systems communicate inventory on our site, and automatic email messages alert you of any changes in ship dates on specific costumes. The faster and more thoroughly we can communicate with you, the better.

In the meantime, our call wait times are low, and our people are ready. We're thankful you trust us with your business - and have for more than 60 years.

We are a team supporting artists. By working together, we will get through these challenging times!
